Objective of the Event	Meme-Making Competition: The goal of the Meme-Making Competition was to encourage students to use humor to raise awareness about pollution control and energy conservation. Upcycling Competition: The goal of the Upcycling Competition was to challenge students to turn waste materials into useful or artistic products, promoting sustainability.	
Report of the Event	On the occasion of National Pollution Control Day and Energy Conservation Day, the SATAT, Green Campus Initiative, and the Internal Quality Assurance Cell (IQAC) at Somaiya Vidyavihar University, Mumbai organized two online competitions i.e. Meme-Making Competition and the Upcycling Competition. These competitions encouraged students to present their creativity and contribute to the critical environmental issues. These themes were chosen to highlight the importance of humor and creativity in addressing environmental challenges and promoting sustainable practices. In the Meme-Making Competition, students created thought-provoking and humorous memes on the themes "Pollution Control: Why It's a Laughing Matter (But Not Really)" and "Energy Woes: The Bright Side of Saving Power." Submissions were accompanied by captions explaining the memes. The Upcycling Competition challenged participants to transform waste materials into innovative, functional, or artistic products, emphasizing sustainability and environmental consciousness.
